Supplemental to the Information Disclosure Statements filed March 30, 2011, July 15, 2009, and August 23, 2006, and in accordance with the provisions of 37 C.F.R. 1.56, 1.97 and 1.98, Applicant discloses the following information:

1. U.S. Patent No. 5,659,330 A, inventor Sheridan, issued August 19, 1997 (this document is discussed in the present specification on page 11, second full paragraph); and

A copy of the above document no. 1 is not provided with this paper since this document is a U.S. patent, for which a copy is not required. On the other hand, a copy of above document no. 2 is provided with this paper. In any event, both of the above documents are listed on the enclosed

PTO Form PTO/SB/08A. Applicant respectfully requests that the Examiner consider the above-listed documents and evidence that consideration by making appropriate notations on the enclosed form.

This submission does not represent that a search has been made or that no better prior art exists and does not constitute an admission that the above-listed documents constitute "prior art."

Applicant reserves the right to take appropriate action to establish the patentability of the disclosed invention over the above-listed documents, should the documents be applied against the claims of the present invention.

It is not believed that a fee is due with this paper. However, if there are any fees due in connection with the filing of this paper that are not accounted for, the Examiner is authorized to charge the fees to our Deposit Account No. 11-1755. If a fee is required for an extension of time under 37 C.F.R. 1.136 that is not accounted for already, such an extension of time is requested and the fee should also be charged to our Deposit Account.

Respectfully submitted,
